I should probably call in for the manager meetings, just to make sure I'm getting the updates that Christine or Joelle provides.

I think I declined the invitations to the Ag weeklies and JB confirmed that she is ready to take up the laboring oar on that (and checking back with me if stuff seems tricky or nationally significant).

Jeff Dillen sent me a question about expected workload over the next few months because he has been detailed on a special project for the NOAA general counsel. I responded that I did not anticipate anywhere near the same rate of work, but that we would loop him back in if a need arose. [He himself is a first line supervisor, so he was really asking whether he needed to assign a new attorney.]

Thanks,

Steve

Thanks for all of your help. Should I remove you from the Ag weekly meetings invites? How about from the technical and managerial meetings?

JB,

I'm going to be stepping back a little on this Oregon/agriculture/CZARA issue.
